Sir,

Assignee respectfully submits this Amendment in response to the action mailed August 17, 2010. An amendment to the specification is offered on the following page. No amendments to the claims are made at this time, so no listing of claims is required under 37 CFR §1.121.

The amendment does not add new matter because application 10/690,214 was clearly identified by title, identical filing date of 10/21/2003 ("concurrently filed,") and by an attorney docket number (at the time of filing) that matches the "Docket No" that appears throughout the 10/690,214 specification as filed. Please contact the undersigned if any issues remain outstanding.

Respectfully submitted,

Date: September 17, 2010
